**Applied Kinesiology Basic Procedures And**

Applied kinesiology (AK) is a technique in alternative medicine claimed to be able to diagnose illness or choose treatment by testing muscles for strength and weakness. According to their guidelines on allergy diagnostic testing, the American College of Allergy, Asthma and Immunology stated there is "no evidence of diagnostic validity" of applied kinesiology.

**Applied kinesiology - Wikipedia**

Applied Kinesiology (AK) is a system that evaluates structural, chemical and mental aspects of health using manual muscle testing combined with other standard methods of diagnosis. AK, a non-invasive system of evaluating body function that is unique in the healing arts, has become a dynamic movement in health care in its relatively short existence.

Question: "What does the Bible say about applied kinesiology?" Answer: Applied kinesiology, or muscle testing, is a method developed in 1964 for the purpose of diagnosing medical conditions, detecting energy imbalances, elucidating nutritional deficiencies and allergies, and determining prescribed therapies. Kinesiology is a form of alternative or naturopathic medicine.
