The Levels of Corporate Social Responsibility - Study.com
Social responsibility is an ethical framework and suggests that an entity, be it an organization or individual, has an obligation to act for the benefit of society at large. [citation needed] Social responsibility is a duty every individual has to perform so as to maintain a balance between the economy and the ecosystems. A trade-off may exist between economic development, in the material sense...

Lateral violence is a multilayered, complex problem and because of this our strategies also need to be pitched at different levels. In Chapter 3 I have looked at the big picture, with the human rights framework as our overarching response to lateral violence. In this Chapter I will be taking our strategies to an even more practical level, looking at how we can create environments of cultural …
