Life And Death In Ancient
Ramesses II is arguably one of the greatest pharaohs of ancient Egypt, and also one of its most well-known. Ramesses II, the third pharaoh of the 19th Dynasty, ascended the throne of Egypt during his late teens in 1279 BC following the death of his father, Seti I. He is known to have ruled ancient Egypt for a total of 66 years, outliving many of his sons in the process – although he is ...

The Life and Death of Ramesses II | Ancient Origins
The scars, though, are still visible — from the tracks gouged into the earth by the heavy machinery used to cut down thousands of ancient trees to the gaping holes in the canopy created by their ...

Life in ancient Greece was quite different for men and women. Whilst men were expected to take an active part in the public life of their city, women were expected to lead a private life as wives and mothers.

The afterlife (also referred to as life after death) is the belief that the essential part of an individual's identity or the stream of consciousness continues after the death of the physical body. According to various ideas about the afterlife, the essential aspect of the individual that lives on after death may be some partial element, or the entire soul or spirit, of an individual, which ...

Afterlife - Wikipedia
Death is the permanent cessation of all biological functions that sustain a living organism. Phenomena which commonly bring about death include aging, predation, malnutrition, disease, suicide, homicide, starvation, dehydration, and accidents or major trauma resulting in terminal injury. In most cases, bodies of living organisms begin to decompose shortly after death.

Death - Wikipedia
Death: Death, the total cessation of life processes that eventually occurs in all living organisms. The state of human death has always been obscured by mystery and superstition, and its precise definition remains controversial, differing according to culture and legal systems. During the latter half of
