Orientation To The Neonatal Intensive Care Unit Nicu
**Orientation To The Neonatal Intensive**
A Neonatal Nurse has special training to care for premature or sick newborns. Each nurse is assigned several babies to care for; each nurse typically works 8 or 12 hour shifts. • Nurses hand off care to one another at 7am, 3pm, 7pm and 11pm. • You are encouraged to take part in the shift change communication at those times.

This is an Intensive Care Unit. There are many reasons that a nurse may not allow a baby to be held, even if he/she appears to meet the holding criteria. However, there are still ways you can interact with our babies even if you can’t pick them up. If a baby is awake in a crib or bouncy seat, you can: • Read a book.
