The license key center is a secure site. Only the Primary contact (generally the person who purchased your product), site technical contact, or their designated contacts are able to access it.

How to Access the IBM license key center for SPSS software.
I am a SPSS newbie having trained previously in R and Stata, however some survey data I am working on uses SPSS so I am forced to convert. I have a relatively simple question - how once I have created a variable, do I then move it after another variable?

Reorder variable in SPSS - Stack Overflow
Is there any difference in SPSS to specify a variable as ordinal or scale? I know they are different in meaning, but it seems SPSS treat them the same in calculation.

Difference between ordinal and scale in SPSS - ResearchGate
SPSS is a packaged software and if you only need basic, pre-defined statistical analysis tools (as in the case of the majority of studies in social sciences), then it would be reasonable to use SPSS.

Which is better, R or SPSS? - ResearchGate
Advanced software features to create online surveys, quizzes, forms. Check out the comprehensive list of all the features of Key Survey.

Slide 1 CORTEX fellows training course, University of Zurich, October 2006 SPSS-Applications (Data Analysis) Dr. Jürg Schwarz, juerg.schwarz @schwarzpartners.ch Program 19.

SPSS-Applications (Data Analysis)
Recently, a colleague of mine asked for some advice on how to compute interrater reliability for a coding task, and I discovered that there aren’t many resources online written in an easy-to-understand format – most either 1) go in depth about formulas and computation or 2) go in depth about SPSS without giving many specific reasons for why you’d make several important decisions.

Intraclass Correlations (ICC) and Interrater Reliability ...
1. Introduction and Background. Quantitative content analysis (see also QualContentAnalysis) utilizes a variety of tools and methods to study media content. The broad nature of the field has led to various definitions over the years. According to Berelson (1952) content analysis is "a research technique for the objective, systematic, and quantitative description of the manifest content of ...

OBJECTIVE: Not many large studies have reported the true impact of lower-grade intraventricular hemorrhages in preterm infants. We studied the neurodevelopmental outcomes of extremely preterm infants in relation to the severity of intraventricular hemorrhage. METHODS: A regional cohort study of infants born at 23 to 28 weeks’ gestation and admitted to a NICU between 1998 and 2004.
