The Entrepreneurial State Debunking Public Vs Private Sector Myths
The Entrepreneurial State Debunking Public
I'm a Professor in the Economics of Innovation and Public Value at University College London (UCL), and Founder/Director of UCL's Institute for Innovation and Public Purpose. My work is focused on the relationship between innovation and the direction of growth, with emphasis on building symbiotic partnerships that can create a form of growth that is more innovation-led, inclusive and sustainable.

Economic value is a measure of the benefit provided by a good or service to an economic agent. It is generally measured relative to units of currency, and the interpretation is therefore "what is the maximum amount of money a specific actor is willing and able to pay for the good or service"? Among the competing schools of economic theory there are differing theories of value.
