The Structural Funds and the Cohesion Fund are financial tools set up to implement the regional policy of the European Union. They aim to reduce regional disparities in income, wealth and opportunities. Europe's poorer regions receive most of the support, but all European regions are eligible for funding under the policy's various funds and programmes.

Structural Funds and Cohesion Fund - Wikipedia
The LIFE Programme (French: L’Instrument Financier pour l’Environnement) is the European Union’s funding instrument for the environment and climate action. The general objective of LIFE is to contribute to the implementation, updating and development of EU environmental and climate policy and legislation by co-financing projects with European added value.

The LIFE Programme - Wikipedia
European Framework Programmes. The EU Framework Programme for Research and Innovation is the main EU funding instrument for research and innovation (R&I) and the topic is a major priority area for Science Europe.
